The arrest was made as North stepped from the Missouri Pacific train which arrives from Kansas City at 6 p. m. For months past the postal authorities

have been receiving complains that letters mailed at points on the Missouri Pacific Railroad between Kansas City and St. Louis did not reach their destinations.

Post Office Inspector Dice, several weeks ago, put Inspectors Bunsen, Martin and Platt on the case. From facts which they learned. North was believed to be the clerk who was responsible for the rifling of the

North is 38 years old, is married and has one child. He was appointed a postal clerk sixteen years ago in Montana and has been isly in the service.

In 1896 he was transferred to St. Louis and has been detailed to the run between St. Louis and Kansas City. No suspicion had ever attached to him until letters began to ed with such regularity on the St. Louis and Kansas City run.

The postal clerks on all runs between these two points were closely watched and Worth's actions aroused suspicion.

Former Senator Busche's written confession implicates John H. Carroll, legislative agent of the Burlington Railroad, and the Kansas City stock yards, as well as "Colonel Bill" Phelps of the Missouri Pacific, Pullman Car Company and telephone com panies.

According to Busche, Carroll paid him \$500 for his influence with Representative Frederick Mackensen, a Republican member of the House. The \$500, says Busche, was handed over after he had persuaded Mackersen not to expose and denounce Carroll on the floor of the House in the session of 1899 for offering him a bribe of \$500 to vote against a certain bill.

The element of humor is not lacking in the plain statement of Busche, "One day Carroll came to me," says Busche, "and seemed to be greatly excited and worried. He told me that Mackensen had taken umbrage at him and threatened to disclose on the floor of the House at offer of \$500 which he had made to him on a

certain proposition, I will give you \$500 if you will persuade him to keep his mouth shut,' Carroll explained to me. I don't want to be disgraced by any such speech."

"I went over to Mackensen and found him in a great stew. He was for giving the whole thing away. I worked with him for a long time, but finally secured his omise not to say enything."

Not so many days ago Colonel Morse of he Kansas City Stock Yards testified that John H. Carroll received an annual salary of \$3,000 from his company to prevent legislation inimical to the corporation. Whether the \$500 to which Busche refers was a part of this salary is not known.

R. P. Thompson, chief deputy clark under Higgins and the present Commissioner, J. M. Seibert, was a witness yesterday, but could shed no light on the matter. "I did not think that Mr. Higgins cared

very much about the bill, judging from the way he acted," said Mr. Thompson. During this session Senator William J. Stone spent much time in Jefferson City lobbying against the bill. He is said to ceived a salary of \$500 a year from Higgins to act as an attorney. It is not hought that Stone knew the exact procedure by which the bill was changed.

Famous Lighting Bill Scandal Story to Be Aired in Court.

ED BUTLER IS IMPLICATED.

Charged That He Paid Defendant and Eighteen Fellow Members of House of Delegates \$47,500 for Votes.

The city lighting scandal will be aired for he first time in court during the next few days, when Emil Hartmann, former member of the House of Delegates, faces a jury in Judge Ryan's court to-day to answer a charge of accepting \$2,500 for his vote. With the return of John K. Murrell from Mexico, Circuit Attorney Folk ob-tained conclusive evidence on which to in-

dict Hartmann and fifteen of his fellowmembers of the House of Delegates combine on charges of bribery in connection with the city lighting scandal. As related by the principal witnesses for the State. John K. Murrell, E. E. Murrell,

John Heims, Otto Schumacher, George F. Robertson and William M. Tamblyn, the city lighting scandal was one of the most daring pieces of bribery ever committed in the city. Their evidence has caused the indictment

of Ed Butler and made Charles F. Kelly decamp to Europe and remain until after the statute of limitations had expired in order that he could not be called upon to

tell who supplied the \$47,500 which was paid for nineteen votes in the House. It is alleged that Ed Butler called the nineteen combine members together on the ficor of the House of Delegates the night the bill was to be voted on, and said:

"You fellows each will receive \$2,500 for your vote on this bill, and not another cent It must be passed. When you have passed it send a man to my office for the money.' The bill was passed. Witnesses for the State say that Charles F. Kelly was sent to Butler's office for the money, and he took it to the home of Julius Lehmann, where the now celebrated "birthday party" was great cloud of dust was raised by Mrs.

WALTER VROOMAN TO FIGHT WIFE'S SUIT FOR DIVORCE.

REPUBLIC SPECIAL. Trenton, Mo., May 16 .- H. C. Smith of Trenton, attorney for Walter Vrooman, said -day that he was instructed to deny every allegation in Mrs. Vrooman's petition for divorce, and that the defendant desired speedy and complete trial of the case as a

means of his vindication.

The fact that Annie Vrooman had filed a divorce suit against her husband, the pronoter of the noted co-operative scheme here, was not known locally until after it appeared in the metropolitan press. After the papers were filed in the Cir-

The Republic correspondent met the adrance man of a traveling circus here today who knew Kelley in St Louis some ime ago, and he tells me that his manner has completely changed from what I was and that the baggy appearance of his clothes and his present nervous manner are not natural to him.

He certainly looks to be upon the verge of nervous prostration. He twirled his hands awkwardly and excitedly while talking. and his fingers twitched unconsciously. He has succeeded so far in convincin the newspapers and people of Quebec that he is only wanted in St. Louis as a wit-

The hotel people do their best to save him annoyance, and newspaper men are carefully kept away from him. here, are now fast friends and personal sympathizers. Colonel Gaynor has apparently been teaching Kelley the ropes.
